Church re-open plan 教會重啟計畫 for each congregation

- **Status updates: California reopening date is 6/15, and EFCI is expecting 8/1**
 - **Taiwanese Congregation:**
 - **Seating: Zig-zag seating on the sides. Long chairs: 2, 1, 2, 1. If family is together, there will be more than 100 people. 50% is 138 people. Based on estimate, we can have 65 family units in the main sanctuary.**
 - **Seating labels (green) will be provided by Elder Joe on the seats.**
 - **Elder David will assist with a seating chart for distribution**
 - **For Sunday school, in the near future we should offer online options for in-person classes as well. Concern is internet bandwidth (need wires instead of WiFi) – start with Choir room and Meeting room. Elder Jobe will work on this.**
 - **EM:**
 - **Comfortable with the routine and process**
 - **Mandarin:**
 - **100 people are expected to be on-site on 5/9**
 - **Welcome team is to use Breeze to check in and sign waiver**
 - **We can designate two rooms for the EM kids to wait for their parents**
 - **6/6: Sign-up should be based on family or “spots”: 65 available.**
 - **5/2 worship team might go in to lead in live stream.**

- **1.5:**
 - **Easter meeting: overall OK**
 - Audio issue during live stream, and AV team no shade
 - Worship team was slightly too far and will move closer next time
 - Sign-up was smooth
 - Meeting location will be following EM.
 - For younger kids, we will use CM room; no nursery will be provided in the short-term
- **Transition:**
 - **Time:**
 - Air cleaning time: 20-30 mins, so we need the 1st service to come out on time by 10:45am; potentially move members to front of the church where the office is.
 - 2nd service to start at 11:15am
 - **Equipment & Cleaning:**
 - Check-in: outside of side door of CM room
 - Need to have air purifier in all classrooms (Chinese school will pay for ½ of the cost)
 - Need to increase number of foggers to spray HOCl (Chinese school will buy 2 more foggers)
 - Each congregation to have a cleaning crew, most likely ushers; worship team to clean its own equipment
 - **Kids:**
 - Nursery should probably use early childhood room if there are too many babies, instead of in CM.
 - Area for younger kids to go under their own parents' supervision – CM chapel; no special nursery equipment to be re-located.
 - **Location:**
 - Parking: only 20 parking spaces in the church, and all others should go to our neighbor parking lots.
 - We need “traffic controllers” during transition.
 - **Chinese School: mid-August to return, with own purchase of cleaning equipment, but the equipment and the cost will be shared between Chinese school and church.**
 - **Taiwanese -> Mandarin:**
 - Mics – worship team members to put the covers themselves
 - Worship team to sanitize their own equipment prior to starting worship
 - Podium needs to be wiped down
- **Projection of Full Return:**
 - August 1st full return is tentative, but we will discuss again as we get closer. Taiwanese and Mandarin are to meet indoors, and EM and 1.5 most likely outdoors.
